Excerpt from The North Devon Coast

No one can, with advantage, explore the rugged coast of North Devon by progressing direct from the point where it begins and so continuing, without once harking back. The scenery is exceptionally bold and fine, and the tracing of the actual coast-line by consequence a matter of no little difficulty. Only the pedestrian can see this coast as a whole, and even he needs to be blessed with powers of endurance beyond the ordinary, if he would miss none of those rugged steeps, those rocky coves and "mouths" and leafy combs that for the most part make up the tale of the North Devon littoral.
