Through A Glass Darkly: The True Story Of A Family's Desperate, Surreal Journey Through Death And Mourning Barry Boggs

Through a Glass Darkly is the haunting account of how a colossal medical reporting error left a family believing that their wife and mother, who died suddenly on August 13, 2004, had been poisoned either by her own hand or someone else's. The family came under profound suspicion in the community and the family's two teen-aged daughters believed that their mother had committed suicide because of something they had done. The story reveals how they coped during this time, how the case was finally cracked and how they recovered from their terrifying ordeal. The author Barry Boggs, PhD, practiced as a clinical psychologist for twenty-five before retiring to write full-time.
