**A Short Course in Geotechnical Site Investigation (Short Course Series)** N. Simons, B. Menzies, M. Matthews

*A short course in geotechnical site investigation* is the third volume in the popular and authoritative 'Short course' series. This book focuses on the fundamental principles of geotechnical site investigation - in particular the *planning* of the investigation. This indispensable book is illustrated throughout with 23 case studies, seven of which are detailed examples of best practice. Some aspects of soil mechanics are explained using 'hand written' Short Course Notes.
