Now from the AAP! The newly revised and expanded 3rd edition provides clear, concise guidance on clinical and psychosocial issues. “This is an outstanding book which I have already recommended to colleagues. One can easily read a chapter a day and feel confident that one has learned something new. No other book that I know of is so useful. Madelyn Meyn, MD, Doody’s Review, 2009. Berkowitz’s Pediatrics is custom-built for confident, efficient primary care problem solving; quick and easy access to state-of-the-art pediatric primary care; outcome-centric focus—chapters open with a case presentation and list of focal questions, and close with the case resolution; ready-reference organization—disease/disorder signs and symptoms are grouped by body system for fast lookup; superb color figures—illustrated clinical presentations and treatment procedures; expert recommendations—edited by a leading primary care authority, with contributions from top-tier practitioners; and valuable guidance on psychosocial issues—behavioral concerns, health maintenance and promotion, and people skills.
