Interim Design Assessment for the Blue Grass Chemical Agent Destruction Pilot Plant National Research Council, Division on Engineering and Physical Sciences, Board on Army Science and Technology, Committee to Assess Designs for Pueblo and Blue Grass Chemical Agent Destruction Pilot Plants

Because of concerns about incineration, the Department of Defense plans to use alternative means to destroy the chemical agent stockpiles at the Pueblo and Blue Grass facilities. The DOD contracted with Bechtel Parsons to design and operate pilot plants for this purpose. As part of the NRC efforts to assist the DOD with its chemical demilitarization efforts, the Department requested a review and assessment of the Bechtel designs for both plants. An earlier report presented an assessment of the Pueblo design. This report provides a review of the Blue Grass Chemical Agent Destruction Pilot Plant based on review of data and information about the initial design and some intermediate design data. Among other topics, the report presents technical risk assessment issues, an analysis of delivery and disassembly operations and of agent destruction core processes, and an examination of waste treatment.

From reader reviews:

Steven Purdy:

Often the book Interim Design Assessment for the Blue Grass Chemical Agent Destruction Pilot Plant has a lot details on it. So when you check out this book you can get a lot of advantage. The book was authored by the very famous author. The author makes some research prior to write this book. This particular book very easy to read you may get the point easily after reading this book.

James Ronquillo:

Beside this specific Interim Design Assessment for the Blue Grass Chemical Agent Destruction Pilot Plant in your phone, it may give you a way to get more close to the new knowledge or facts. The information and the knowledge you can get here is fresh from your oven so don't end up being worry if you feel like an old people live in narrow community. It is good thing to have Interim Design Assessment for the Blue Grass Chemical Agent Destruction Pilot Plant because this book offers to you personally readable information. Do you often have book but you do not get what it's exactly about. Oh come on, that will not happen if you have this in the hand. The Enjoyable option here cannot be questionable, just like treasuring beautiful island. So do you still want to miss it? Find this book along with read it from right now!

James Drake:

As we know that book is significant thing to add our knowledge for everything. By a reserve we can know everything we would like. A book is a range of written, printed, illustrated or perhaps blank sheet. Every year seemed to be exactly added. This guide Interim Design Assessment for the Blue Grass Chemical Agent Destruction Pilot Plant was filled with regards to science. Spend your free time to add your knowledge about your scientific disciplines competence. Some people has distinct feel when they reading any book. If you know how big selling point of a book, you can experience enjoy to read a book. In the modern era like now, many ways to get book which you wanted.

Joseph Alderete:

Publication is one of source of know-how. We can add our know-how from it. Not only for students but in addition native or citizen need book to know the revise information of year to be able to year. As we know those guides have many advantages. Beside we add our knowledge, may also bring us to around the world. By book Interim Design Assessment for the Blue Grass Chemical Agent Destruction Pilot Plant we can take more advantage. Don't you to definitely be creative people? To become creative person must prefer to read a book. Merely choose the best book that acceptable with your aim. Don't be doubt to change your life at this time book Interim Design Assessment for the Blue Grass Chemical Agent Destruction Pilot Plant. You can more inviting than now.
