## **Suburbanite** P.H. Davies

In his fourth collection of poetry, P.H.Davies explores suburbia not just as a place but as an identity; how it shapes human experience, how it marks childhood, and how madness can be found within its regimented environment. Suburbanite is also a psychological portrait of domestic life seen from the unique perspective of a gay man. The poet locates these themes into the story of two lovers who are thrown into a crisis, thrashing against each other for independence, before surrendering themselves to marriage.
