Pediatric Uroradiology (Medical Radiology)

Pediatric Uroradiology (Medical Radiology)

This fully updated and revised edition of a classic work takes full account of recent dramatic changes in the subject area. It describes in detail all aspects of pediatric uroradiology, embracing both recent developments and established concepts. New chapters have been added, for example on genetics in nephrourology and clinical management of important nephrourologic disorders. Short conclusions are included at the end of sections to provide the reader with key information.
