**Felecia Holst:**

As a scholar exactly feel bored to be able to reading. If their teacher requested them to go to the library or even make summary for some reserve, they are complained. Just very little students that has reading's heart

or real their passion. They just do what the trainer want, like asked to go to the library. They go to there but nothing reading critically. Any students feel that examining is not important, boring as well as can't see colorful photos on there. Yeah, it is to become complicated. Book is very important for you. As we know that on this period of time, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore this Recent Advances in Clinical Microcirculatory Research: 9th European Conference on Microcirculation, Antwerp, July 1976. Part II (Bibliotheca Anatomica, No. 16) can make you experience more interested to read.
