The suitcase was full, but where was the money? Instead of a cool \$20 million in cash, they were staring at a case full of old women's clothes... It had all been so easy. Two top maths students, one weekend, and an unbeatable blackjack system, to take down the biggest casinos on the Strip. Back in England their luck ran out... the suitcase had been switched, the money was missing and now they are going to have to pay. With the mob calling in a debt, and the casinos out for blood, Joe and Daniel have one chance to find the money, and upset the odds, before the biggest gamble of their lives catches up with them.
