Soldiers, Spies, and Statesmen: Egypt's Road to Revolt

Hazem Kandil

Soldiers, Spies, and Statesmen: Egypt's Road to Revolt Hazem Kandil

Revolutions are difficult to understand and almost impossible to predict. Egypt's 2011 revolt was no exception. The military's abandonment of Mubarak—a turning point for the revolt—confounded many observers, who assumed that the leader and the generals stood or fell together. The officers, it was thought, ruled from behind the scenes and simply swapped the figures in the spotlight to preserve the status quo.

In a challenge to this conventional view, Hazem Kandil presents the revolution as the latest episode in an ongoing power struggle between the three components of Egypt's authoritarian regime: the military, the security services, and the political apparatus. A detailed study of the interactions within this invidious triangle over six decades of war, conspiracy, and sociopolitical transformation, *Soldiers, Spies, and Statesmen* is the first systematic analysis of how Egypt metamorphosed from a military into a police state—and what that means for the future of its revolution.

Edgar Foley:

As a student exactly feel bored to help reading. If their teacher inquired them to go to the library or make summary for some guide, they are complained. Just very little students that has reading's internal or real their passion. They just do what the trainer want, like asked to go to the library. They go to generally there but nothing reading really. Any students feel that studying is not important, boring along with can't see colorful images on there. Yeah, it is to get complicated. Book is very important for you personally. As we know that on this age, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. Therefore , this Soldiers, Spies, and Statesmen: Egypt's Road to Revolt can make you feel more interested to read.
