God's Laws of Learning J. Paul Reno

Pastor J. Paul Reno said: "It is amazing but true - you can improve your ability to learn! I did not learn these principles in 18+ years of education nor from a book. They were discovered through ongoing Bible reading. I am convinced that our forefathers knew these Bible principles. It seems quite evident that our culture adopted them, particularly in the area of education. I think it is only too obvious that they have been replaced by humanistic philosophy, resulting in less real learning. In the 1950's my father, a high school principal, teacher and guidance counselor, stated that conversion resulted in an average increase of IQ scores of approximately 10 points. That seems perfectly consistent with Bible teaching. I have watched these laws produce increased learning from kindergarten through old age in those who will allow God to assist them."
