This text is devoted to the colourful landscapes produced during the Fauvist period of 1904-1908. An essay on the emergence of the Fauve landscape is followed by four essays devoted to individual sites and such topics as Fauvism's impact on tourism and politics. Another essay concentrates on the critical landscape, in essence the critics' reception of these paintings. Matisse, Braque, Derain, Vlaminck, Dufy, Marquet, Manguin and Friesz are represented with examples of their works.
