The Great Brexit Swindle: Why the Mega-rich and Free Market Fanatics Conspired to Force Britain from the European Union T. J. Coles

In his urgent new book, T. J. Coles uncovers the forces seeking to uncouple Britain from the European Union. Allied to an expanding core of free-market fanatics in the Conservative party is a powerful group of globalists and financial traders. Their political ideology is *neoliberalism*?a worldwide agenda that seeks to deregulate markets and maximize profits for global elites at the expense of working people. The effect is a growing gap internationally between rich and poor.

Digging deep into the funding campaign, *The Great Brexit Swindle* documents the potent, self-serving interests behind Brexit. In the wake of the financial crisis of 2008, mega-rich hedge-fund managers and billionaire CEOs are keen to be rid of Brussels and its “red tape” regulation. Their anti-European political allies, meanwhile, are preparing to corner markets in Asia and South America, while expanding Britain’s military capacity as a backup to economic penetration.

Brexit was sold to the public as a once-in-a-lifetime opportunity to regain sovereignty, control immigration, and increase the nation’s wealth. But, despite the manifold promises of Brexiteers, Coles demonstrates that economic globalization will lead to growing job insecurity and greater immigration once British workers are put into direct competition with the huge, poor populations of countries such as Brazil, China, Mexico, and India. Increasing “free market” trade worldwide leaves Britain open to low-quality products, such as hormone-treated American beef and genetically modified foods, while the planned new trade agreements would only accelerate the privatization of public services. Although Coles is not an advocate for the EU, he argues that the Brexit agenda is designed to serve only the interests of the wealthy and increasingly powerful 0.1 percent of the population.
