# Public Philosophy in a New Key: Volume 1, Democracy and Civic Freedom (Ideas in Context)

*James Tully*

**Public Philosophy in a New Key: Volume 1, Democracy and Civic Freedom (Ideas in Context)** James Tully

These two ambitious volumes from one of the world's most celebrated political philosophers present a new kind of political and legal theory that James Tully calls a public philosophy, and a complementary new way of thinking about active citizenship, called civic freedom. Professor Tully takes the reader step-by-step through the principal debates in political theory and the major types of political struggle today. These volumes represent a genuine landmark in political theory from the author of *Strange Multiplicity*, one of the most influential and distinctive commentaries on politics and the contemporary world published in recent years. This first volume of *Public Philosophy in a New Key* consists of a presentation and defense of a contextual approach to public philosophy and civic freedom, and then goes on to study specific struggles over recognition and distribution within states.
