Voyage from Yesteryear

James P. Hogan

Voyage from Yesteryear James P. Hogan

Voyage from Yesteryear is a 1982 science fiction novel by the author James P. Hogan. It explores themes of anarchism and the appropriateness of certain social values in the context of high-technology. The inspiration for the novel was the contention that the ongoing conflict in Northern Ireland had no immediate practical solution, and could only be solved if the children of one generation were somehow separated from their parents, and hence did not learn any of their prejudices.
