It has long been held by most theologians, anthropologists, and other academicians that the world has never known pure Goddess-worship. In particular they deny that it ever existed in the British Isles. In fact, the exact reverse is true. For the vast majority of the islands' history, the veneration of a female Supreme Being (Mother-Goddess) was the only religion known. Indeed, until the Early Neolithic Age (4,500 BCE) the concept of a male deity (Father-God) did not even exist in Europe.

As award-winning author and historian Colonel Lochlainn Seabrook readily shows in his important work, *The Book of Kelle: An Introduction to Goddess-Worship and the Great Celtic Mother-Goddess Kelle*, proof of Anglo-Celtic Goddess-worship is overwhelming and plentiful. The nations of Britain, Ireland, and Scotland themselves, for example, were all named after goddesses, as were many of their rivers, islands, towns, hills, and mountains. Reinforcing this evidence is the fact that many surrounding countries and regions also take their names from female deities. Among these we have Italy, Holland, Denmark, Crete, Malta, Albania, and Scandinavia, just to name a few. Europe herself is named after a goddess, as is our planet, and even our universe.

While Colonel Seabrook touches on these various topics, the final focus of the book is on the Goddess Kelle, who gave her name to her most ardent followers: the Kelts or Celts. Known by poets as "the Blessed Lady of Ireland," Kelle's story is a rich and fascinating one; one that the author traces back to early Asia, where she is still worshiped to this day as the Goddess Kali. *The Book of Kelle* is a compact but information packed introductory guide to thealogy (female religion), and in particular European goddess-worship, that all those interested in religion will want on their shelf.

Lochlainn Seabrook is the winner of the prestigious Jefferson Davis Historical Gold Medal, awarded by the United Daughters of the Confederacy. Known as the "American Robert Graves" (after his celebrated British cousin) and the "Southern Joseph Campbell" for his numerous popular works on mythology, religion, and spirituality, Colonel Seabrook is a 7th generation Kentuckian of Appalachian heritage, the 6th great-grandson of the Earl of Oxford, the 21st great-grandson of King Edward I, the 40th great-grandson of British Queen Boudicca, and the author of over 50 popular books that have introduced hundreds of thousands to the hidden truths about Jesus, Christianity, and the Bible. He has a 40 year background in American history, Southern history, comparative religion and mythology, and Bible studies, and is the author of the international blockbuster *Jesus and the Law of Attraction*.

A specialist in thealogy (Goddess-oriented religion), his other works include: *Jesus and the Gospel of Q*; *Seabrook's Bible Dictionary of Traditional and Mystical Christian Doctrines*; *The Bible and the Law of Attraction*; *Christ Is All and In All: Rediscovering Your Divine Nature and the Kingdom Within*; *Britannia Rules: Goddess-Worship in Ancient Anglo-Celtic Society*; *The Goddess Dictionary of Words and Phrases*; *Princess Diana: Modern Day Moon-Goddess - A Psychoanalytical and Mythological Look at Diana Spencer's Life, Marriage, and Death (with Dr. Jane Goldberg)*; *Aphrodite's Trade: The Hidden History of Prostitution Unveiled*; *Carnton Plantation Ghost Stories: True Tales of the Unexplained From Tennessee's Most Haunted Civil War House!*; *UFOs and Aliens: The Complete Guidebook*; and *Everything You Were*
