Bicycling and the Law: Your Rights as a Cyclist Bob Mionske

According to statistics compiled by the League of American Bicyclists, more than 57 million Americans rode a bicycle in 2005. Of these, more than 9 million describe themselves as "active cyclists" — weekend riders, off-road riders, commuters, and amateur and professional athletes. These 9 million face the daily hazards of commuting in traffic, overenthusiastic dogs, faulty roads, harassment, road rage, and bicycle theft. This book was written for them. Bicycling and the Law is designed to be the primary resource for cyclists faced with a legal question. It provides readers with information that can help them avoid many legal problems in the first place, and informs them of their rights, their responsibilities, and what steps to take if they do encounter a legal problem. This useful guide makes the law both entertaining and comprehensible, presenting an accurate and thorough explanation of the laws governing bicycles and the activity of bicycling.
