This reality was very similar to Earth-616, except that in this universe, the Watcher was named Atau instead of Uatu. Until the run-up to the Siege of Asgard, Ares, distrustful of Norman Osborn, tried to kill him, but was murdered by the Sentry. As a result, the Sentry's power was not exhausted during the Siege, and he and his criminal allies were able to kill the Asgardians and all of the remaining superheroes. Even when the battle was joined by X-Force and the Fantastic Four, the criminals still won the day. hallelujah.thankyou. Stephanie curry.amen.
