Win bets on sporting events using the prediction system of Vedic Astrology

- Describes the basics of Vedic Astrology and how it can be applied to sports betting
- Outlines 5 powerful techniques for predicting the outcome of any one-on-one competition
- Details how to determine the physical strength of each side, whose motivation and drive to win is strongest, and who has fate on their side

Everything that is born, which has a lifespan and an ending, is a space-time event. That includes contests as well as human beings. And just as your personal astrological chart can describe success or failure in various areas of your life, so too can a contest chart created from the time, date, and location of an event show us winners and losers of one-on-one competitions.

Drawing on traditional Vedic Astrology as well as his own research and winning experience, Simon Chokoisky outlines 5 powerful techniques for predicting the outcome of any competition between two opponents with 70–80 percent accuracy. He explains how sports betting offers black-and-white outcomes and you do not have to be an advanced astrologer to understand the principles in this book or to apply them to daily life. Using examples from his bets in the World Cup and baseball, the author shows how to judge the favorite and determine the underdog's chances by looking into the body, mind, and soul of a team and its players. He details how to use the planets to determine the physical strength of each side and whose motivation, mental toughness, and drive to win is strongest as well as the more subtle spiritual nature of each team--who is luckier and who has fate on their side. He details how he used these simple principles to win hundreds of bets and how he now uses them to fund charitable causes.

Including personal stories of his experiences with grace, beginner's luck, and the Vedic philosophy of karma and dharma, Chokoisky demonstrates how the planets and stars relate not only to our sports competitions but also our individual lives. He shows us how the astrologer must become part of the prediction, how a bad day can mean bad luck, and how to ride the wave of good fortune by avoiding specific days that are ill-disposed to betting. Chokoisky explains that one way to remain in the good graces of the gods is to donate a portion of your winnings to charity. He describes how right conduct is essential to continue profiting from this technique and how your own karma and dharma can indicate how to approach gambling as well as how to use your winnings.
