Health Education is a methods book that introduces pre-service elementary and middle school teachers to health programming. The practical approach emphasizes the skills necessary to teach health while providing background information on key health topics. Valuable activities in each chapter are aligned with National Health Education Standards and include sample assessment strategies. The new edition has been updated to include the newest national recommendations and statistics.

McGraw-Hill Connect® is a subscription-based learning service accessible online through your personal computer or tablet. Choose this option if your instructor will require Connect to be used in the course. Your subscription to Connect includes the following:

- SmartBook® - an adaptive digital version of the course textbook that personalizes your reading experience based on how well you are learning the content.
- Access to your instructor's homework assignments, quizzes, syllabus, notes, reminders, and other important files for the course.
- Progress dashboards that quickly show how you are performing on your assignments and tips for improvement.
- The option to purchase (for a small fee) a print version of the book. This binder-ready, loose-leaf version includes free shipping.

Complete system requirements to use Connect can be found here:
