Follow Your Heart: A Story of Miracles, Magic and One Man's Adventure Michael Fleming

What happens when a successful computer programmer in the late 1960s takes LSD, sees his God, drops out of his life, and becomes a hippie? By walking away from the secure and comfortable (however routine) existence, he enters a panorama where each new action or non-action, can, and often does, evolve into a completely different life. New worlds unfold that were not there before; worlds that include miracles, magic and adventure. Follow along on a journey that is like no other; where seemingly simple choices become leaps of faith leading into lives that come and go as wind blows the dust onward; where trees and nature talk, clouds part and mountains move. "From the moment I met the hippies, I entered into a parallel universe; apart, yet not apart from the surroundings that I had been used to. I am still in that space and time. Sometimes it resembles the place where most people live, and sometimes it's a world quite apart." Please enjoy Follow Your Heart MF/BB
