## Civil Society and Aid Effectiveness: Findings, Recommendations and Good Practice (Better Aid)

In the Accra Agenda for Action (2008), donors and developing country governments commit to deepening their engagement with civil society organisations (CSOs). Better aid requires a broader understanding of the aid effectiveness agenda and a place for CSOs as development actors in their own right and as aid donors, recipients and partners. This book is a resource for implementing the recommendations on civil society and aid effectiveness emerging from the Accra High Level Forum and its preparatory process. These recommendations address a broad community, including developing country governments, donors, and CSOs from developing and developed countries.
