Education and Information Technology 2013: A Selection of Ace Award Papers

The Education and Information Technology 2013: A Selection of AACE Award Papers is compiled of 15 award winning papers from AACE's conferences (<http://AACE.org/conf>). This year's selection includes papers from the annual conference of the Society for Information Technology & Teacher Education (SITE) in Austin (TX), World Conference on Educational Multimedia, Hypermedia and Telecommunications (Ed-Media) in Denver (CO) and World Conference on E-Learning in Corporate, Government, Healthcare, and Higher Education (E-Learn) in Montréal (Canada). The decision to nominate a conference paper for an award was made by peer reviewers. All authors were honored during the conference and received a certificate that serves as testimony to their outstanding research and contribution to the conference. This AACE book groups the award winning papers into four parts. These four parts provide a timely overview and record of topics that are of primary interest in educational technology this year.
