INDIA ADVENTURE STORIES VOLUME ONE Patrick Griffith

Man-eater is a common term for an animal that preys upon humans. This does not include scavenging. Although human beings can be attacked by many kinds of animals, man-eaters are those that have incorporated human flesh into their usual diet. Most reported cases of man-eaters have involved tigers, leopards, lions and crocodiles. However, they are by no means the only predators that will attack humans if given the chance; a wide variety of species have also been known to take humans as prey.
