Tessa was a runaway as a teenager---her parents put her in an institution when she told them she could read minds. After they died she was put into a foster home where she was abused mentally and physically from the time she was twelve years old. At sixteen, unable to take it anymore, she runs away from home. Now twenty-five, she has lived out of her car and trailer for years, moving from state to state and making her living as a psychic. She reads minds but can't tell the future. Other than that she has no other extraordinary powers. Her foster parents are still in California.

Kristian a two hundred years old Vampire. He has been alone most of that time, and has never gotten over the woman who made him. He killed her to save his own life, but there remains a bond never broken, even though she's gone now. He is immediately drawn to Tessa, the enigmatic human who can read minds. He's not sure what the attraction is, but he knows it goes beyond her ability to read minds or the fact that she can help him.

When a group of powerful Witches, the Calders, who are seeking to abolish vampires from the face of the Earth, Tessa and Kristian must now fight not only for their own survival but to protect one another.
