The Uncensored Truth About UFOs: Plus Bonus Chapters on Hostile UFOs! Edward J. Ruppelt

This 589-page masterpiece was written by Edward Ruppelt, one of the first military researchers for "Project Blue Book," which tried to quell the mass hysteria sparked by a wave of UFO sightings in the 1950s. Reppelt wrote this expose because he felt his hands were tied by the U.S. government in Project Blue book and that the truth about UFOs was purposely being hidden from the American public. By doing so, he stepped over the line by plainly exposing the facts about this phenomena, which did not put him in favor with the status quo. His work stands today and is as enlightening as his impeccable research and clear writing style. I have added several bonus chapters to this masterpiece, including some of the hostile acts of UFOs like cattle mutilations, attacks on aircraft and other new cases I was able to unearth through my research of FBI, CIA and NSA recently declassified documents. I have changed the original title of this work from "The Report on Unidentified Flying Objects," to "The Uncensored Truth About UFOs -- Plus Bonus Chapters on Hostile UFOs," because it more clearly reflects the totality of the material in this new edition. Whether you are a novice UFO researcher or a seasoned investigator, this book is a must read. Chet Dembeck Publisher of One
